Slim T04F Embedded Track Flat Recessed Power Track System for Modular Lighting Applications

Miniature LED fixtures for display cases, vitrines and retail cabinetry · 12 V DC low voltage system

Model	T04F
Product type	Embedded Track-Flat (Flat Recessed Power Track)
Input voltage	DC 12V / DC 24V (Compatible with both)
Mounting	Embedded / Recessed Installation
Housing material	Aluminum
Housing finish	Black / Silver
Length	Customizable, Max. 2000mm
Opening Size	15mm (W) × 11.5mm (H)
Net weight	175g per meter
Load current	Max. 8A
Typical applications	Retail Displays, Showcases, Exhibition Booths, Furniture Lighting, Commercial Lighting Systems, Linear Lighting Projects

Technical files

Document	Format	Availability
Datasheet (this document)	PDF	Included
Photometric file (IES / LDT)	IES, LDT	On request
Dimension & cut-out drawing	DXF, PDF	On request
Installation instructions	PDF	On request
Test report (LM-80, flicker, CRI)	PDF	On request

Need this specified for a real cabinet?
Send the case photo, internal dimensions and what is displayed — we return a configuration with fixture count, beam angles, driver sizing and lead time. Samples: about 3 days. MOQ 1 pc. Warranty 3 years.
